Legacy Optical Noir Strategy Brief

# Strategy Brief: Legacy Optical Noir Weekend Social Launch

## Engagement Summary

Legacy will launch a weekend social campaign for the **Optical Noir** concept: a premium, cinematic sunglasses-focused creative package designed for fast deployment across social channels.

ForgeGraph owns the full run end-to-end, from strategy through packaged delivery. The work must proceed through the agency department pipeline before any final assets are packaged or sent.

This brief is for internal lineage and packaging source only. **No Markdown files are to be delivered to the client.**

## Campaign Objective

Create a polished weekend-ready social launch package for Legacy that positions Optical Noir as sharp, refined, modern, and visually distinctive.

The campaign should feel premium and direct, with strong visual emphasis on sunglasses, light, shadow, reflection, and contrast. The creative should be suitable for fast social publishing without requiring additional client-side editing.

## Required Department Pipeline

The run must move through the following departments in order:

## 1. **\*\*Strategy\*\***

- Define campaign angle, audience, tone, content structure, delivery rules, and asset requirements.
- Confirm that strategy precedes all asset production.

## 2. **\*\*Brand\*\***

- Translate the Optical Noir direction into visual and copy standards.
- Maintain a premium sunglasses-forward aesthetic.
- Avoid logo dependency and avoid any invented brand marks.

## 3. **\*\*Channel\*\***

- Prepare social-ready concepts and formats for weekend launch usage.
- Ensure assets are clear for Instagram, Facebook, Stories/Reels covers, and general promotional placement.

## 4. **\*\*CRM\*\***

- Prepare concise client-facing delivery language.
- Ensure WhatsApp communication is brief, concrete, and sent only to Mike.

## 5. **\*\*Analytics\*\***

- Define tracking-ready campaign metadata and performance assumptions.
- Include naming, asset manifest logic, and durable evidence expectations.

## 6. **\*\*QA\*\***

- Verify all deliverables meet constraints:
  - No Markdown sent to client.
  - No people in generated sunglasses assets.
  - No text embedded in generated media.
  - No logos in generated media.
  - HTML/PDF/PNG/manifest only in client ZIP.
  - WhatsApp delivery to Mike only.

## 7. **\*\*Client Approval\*\***

- Package approved materials into a client-ready ZIP.
- Deliver only approved formats.
- Preserve receipt and evidence of delivery.

## ## Creative Direction
