Legacy Optical Noir Strategy Brief

Legacy Optical Noir Weekend Social Launch: Strategy Brief

Run Summary

Legacy will launch a weekend social package for **Legacy Optical Noir**, positioned as a sharp, premium, evening-ready sunglasses campaign built around confidence, contrast, and editorial restraint.

ForgeGraph owns the run end-to-end through the Atlas agency pipeline: strategy first, then brand direction, channel planning, CRM alignment, analytics setup, QA, packaging, client approval, and delivery.

No Markdown files will be sent to the client. Client delivery must be a ZIP containing only:

- HTML
- PDF
- PNG
- Manifest

Delivery will be made by WhatsApp to **Mike only**, with durable receipt and evidence captured.

Strategic Objective

Create a client-ready weekend launch package that gives Legacy a polished social campaign ready for approval and distribution, without exposing internal working files or production lineage.

Primary goals:

- Present Legacy Optical Noir as refined, modern, and premium.
- Produce fresh visual assets specifically for this launch.
- Keep the campaign focused on sunglasses, mood, and product desirability.
- Package the final output in client-safe formats only.
- Maintain proof of delivery, approval, and evidence for auditability.

Creative Direction

Campaign tone:

- Noir
- Editorial
- Confident
- Minimal

- Premium
- Weekend-ready

Visual direction:

- High-contrast studio lighting
- Black, smoke, chrome, glass, and deep neutral environments
- Sunglasses as the hero object
- No people
- No visible logos
- No embedded text
- No typography inside generated imagery

The campaign should feel like a luxury optical drop, not a generic retail sale.

Asset Strategy

All primary sunglasses visuals must be produced through a **Codex-backed media worker** using fresh generated assets.

Asset requirements:

- Sunglasses-focused imagery only
- No text in image
- No logo in image
- No people or human body parts
- No reused stock photography
- No client-confusing mock brand marks
- Suitable for social crops and launch packaging

Recommended asset set:

- Hero noir sunglasses image
- Close-up product detail image
- Flat-lay editorial image
- Dark reflective surface image
- Weekend story-format crop
- Square feed-format crop

- **QA**

- **Client Approval**

QA Requirements

Before delivery, QA must confirm:

- No Markdown files are included.
- ZIP contains only HTML, PDF, PNG, and manifest files.
- All generated images contain no text, no logos, and no people.
- Assets are fresh and campaign-specific.
- Campaign naming is consistent.
- HTML and PDF render correctly.
- PNG exports are clean and properly cropped.
- Manifest matches the delivered files.
- WhatsApp delivery is addressed only to Mike.
- Receipt and evidence are stored durably.

Client Delivery Rules

Delivery method:

- WhatsApp only

- Recipient: Mike only
- Message must be brief and concrete
- Attach one ZIP only

- Do not send internal notes or working files

Suggested WhatsApp message:

> Mike, attached is the Legacy Optical Noir weekend social launch package. The ZIP includes the client-ready HTML, PDF, PNG assets, and manifest for review.

Evidence And Receipt

ForgeGraph must retain durable evidence of:

- Final ZIP contents
- Manifest
- Delivery timestamp
- WhatsApp recipient
- Sent message copy
- Attachment filename
- Client receipt or visible delivery confirmation
- Approval response, if provided

Success Criteria

The run is successful when Legacy receives a clean, client-ready launch ZIP through WhatsApp to Mike only, with all assets passing QA and durable evidence retained for the full delivery trail.
